# WELCOME TO VERBUM NOVUM!

„Verbum Novum“ is Latin and it means „the new word“ or „the new expression“.

This already reveals our activity and intention: we offer German Courses in Germany for **juniors**, **adults** and **families** from all over the world. The German language schools in **Mainz**, **Munich**, **Nuremberg** and **Berlin** are located in the cities, where our students can both enjoy the language training and discover Germany by visiting its nice historical places. This is also important for developing a feeling for the language. To get acquainted with a culture, traditions and mentality of the people makes the learning much easier. In all-day situations the students learn new expressions and practice new words learned during the classes. The excursions and free activities in summer programs help to extend the vocabulary; especially our vacational programs both for juniors and adults allow them to combine the useful

and the pleasant! Experience the summer programs for adults and juniors, for ex.: **summer and winter camps** in Mainz/Wiesbaden, Nuremberg, Berlin and Munich and the **summer courses for adults** in Berlin and Nuremberg!

The full immersion programs (**Learning & Living at Teacher's Home**) are offered both for adults and juniors in different cities and considerably increase the opportunity for learning German faster and more effective in its natural environment. Apart from German Courses, we offer also academic services as university placement assistance. This service can be very interesting for course participants willing to study at a German University. As the language schools are located in university cities, the crossover from the course participant to the university student in the city already familiar builds a bridge between two stages and makes the way much easier.

## THE GERMANS AND THEIR COUNTRY

Germany has many attractions and offers more than beer, cuckoo clocks and the Neuschwanstein Castle.

Many people abroad associate Germany with big cars, sauerkraut, beer and also with classic music, poets and thinkers like Goethe and Schiller. Besides, keywords like „The Second War“, „The Berlin Wall“ cross the mind of the foreigners, when they think about Germany. The label „Made in Germany“ stands for high quality and reliability. Germany enjoys a good reputation worldwide. The favourite travel destinations of tourists are Munich and the

Neuschwanstein Castle, Roman Mainz and Cologne on the Father Rhine River, Heidelberg etc.

German efficiency and reliability is highly appreciated all over the world. It is said that Germans are reliable and punctual, but also friendly and helpful.

Germans have a special passion for football too, 2006 gave them a special bonus of sympathy. German films attract world-wide attention.

To build a true image of Germany, you should come and see it by yourself, because seeing is believing!

### ARE THE GERMANS SUPERSTITIOUS?

Black cats, chimney sweepers, lucky pigs... the faith in lucky charms and the fatal har-binger are becoming ever more popular in Germany. Every other German believes in the positive effect of a four-leaf clover. One in four Germans associates the number 13 with bad luck. Here are some examples for typical German lucky charms, have you heard of them before?

### TYPICAL GERMAN LUCKY CHARMS

#### LUCKY PIG

Already for the Germanic peoples, the boar was a holy animal. A pig is therefore the sign of wealth and richness, as it was always seen as a symbol of fertility and power. Besides, the Greeks and the Romans believed those people as privileged, if they had many pigs, so ...much nutrition. It is very popular to give away marzipan pigs, especially for New Year's Eve. In the middle ages a pig was always a consolation gift. You may hear the German saying „Schwein haben“, it means „one is lucky“.

#### HORSE SHOE

As a horse was always a symbol of strength and power, but also a noble and precious animal, the horse shoe, which protected the animal, was also seen as a lucky charm. As shoeing a horse was found by the Romans, the horse shoe in all nations became a symbol of lucky charm, because it also protected the precious animal. Especially for farmers it was said to bring much luck, to find a horse shoe. In the past the horse shoe was clamped on ships, to assure a safe voyage. If you clamp it on the door, it shall protect your home from evil, especially in the position similar to the letter „C“ as in „Christ“.

#### LUCKY PENNY

The lucky penny or the Glückspfennig, as it is called in German, is the symbol of richness. Giving it away – physically, as well as symbolically, means you wish that this person will never run out of money. The historical background: the lucky penny is seen as a small disbursement of the golden Thaler, which you must always have with you. It is supposed to bring good luck and to protect its owners from evil.

#### CHIMNEY SWEEPER

In the past it was a disaster for a household, if the chimney was plugged up or drew badly, as it was impossible to make a meal and it was cold. In this case the only salvation was a chimney sweeper. With him, the luck returned back home. Nowadays it shall bring luck, if you touch the golden button on his jacket.

#### FOUR-LEAF CLOVER

As four-leaf clovers are very rare in the nature, you need to have a little bit of luck, to find one. It is important that four-leaf clovers had been found by pure chance. During travels it should protect the traveler from evil. There is a biblical connotation to it: Eve Bible has taken the four-leaf clover in memory of the paradise. So if you happen to be the holder of a four-leaf clover, you can consider yourself the holder of a small part of paradise.

## FULL IMMERSION PROGRAMS

### LIVING & LEARNING AT TEACHER'S HOME

The Full immersion program is the program involving you totally in the language environment, so you are not only learning German language during lessons, but also apart from the classes. The private atmosphere encourages you unconsciously to speak German free without any inhibitions. The teacher will instruct you not only during the lessons but all the time.

In this program you get rid of daily travelling to and from school and of contact with any students speaking your mother language. This is the best opportunity for one's experience, living with and being taught by the private teacher. In some cases, you can be placed in a German family and a teacher comes daily to you for giving lessons. The advantage of such program is - listening German speech from the different parts. This supports your listening comprehension. After the classes the learning process goes on, as you participate in the family's daily and social activities, taking part in the life of a typical German family as any family member. This way you learn the mentality of the culture, what gives you the opportunity to get the feeling for the language in its natural environment, so you 'live the language'.

All homes and teachers have been carefully selected. Verbum Novum tries to look for the perfect family to match your interests and age. All teachers have either a teaching certificate or a university degree (or an accepted equivalent).

This program is available for students without any age restrictions and can be started on any convenient day. 2 students traveling together can also participate on this program at reduced cost as long as they arrive and depart together and both participants are at the same language level. If these conditions are fulfilled, they can share the teacher.

In all our course locations we offer also programs and group stays for 1,2 or more weeks during the year.

It can be a group, who wants to attend the language course, live in a residence or host family and have excursions, or just have a short discovering tours without a course.

Additionally to the regular group stays, we can organize the factory tour for your group according to the field of profession and interest! It does not matter, whether it is of discovering nature or professional one! Is it toys, chocolate, automobile or airplane factory? The inside world of each factory will be opened for you. The question like "how it is made?" or what kind of mechanics is used?" or "which history has the organization?" can be answered, although the list of questions is endless.

The factory tours can be accompanied or self-guided tour. On request we can arrange the guide speaking your language. Sometimes factory tours are associated with an extension of a museum. At the conclusion of the tour, the company gives away samples of their products or has the factory shop, where you can buy some products for reduced „factory prices“. There are many additional benefits and positives from a factory tour.

## STUDIENKOLLEG PLACEMENT ASSISTANCE

### WHAT IS STUDIENKOLLEG?

Studienkollegs are predominantly the state educational institutions, where the study applicants with the foreign university admission qualification, which is not equivalent to the German Abitur (qualification for university entrance), will be prepared for the academic study at the German University.

Whether the studienkolleg has to be attended or the foreign applicant has the direct admission to the University in Germany, the qualifications approval office of the university (or other institution), with whom we get in touch within our service "university placement assistance", will decide about it. The visit of the Studienkolleg is mostly free of charge, although the college students have to pay one small semester fee. The college students will be prepared subject-specific within 2 semesters (1 year) course for the university study. Depending on the chosen faculty the college students will be allocated to the adequate specific courses. Mostly there are offered 4 or 5 course types:

G–Course for humanities

W–Course for economics

M–Course for medicine

T–Course for technique

S–Course for philology

In all the courses German is a obligatory subject and the language of instruction is German in all subjects. At Studienkollegs the German language course for the absolute beginners will be not offered. The college students must have good knowledge in German at the time of

access to the Studienkolleg. Moreover for the T-Course the good knowledge in mathematics is required. However the knowledge of school program in mathematics should have every applicant. As besides German Test, the applicants have to pass also mathematics. Besides the college students learn the skills and abilities, so named key qualifications. These are: working with the text resources, writing of the argumentative and analyzing texts and composing of the simple seminar works, the structured writing down on the lectures. After the 2 semester study the college students have to pass the asserting final exam, through which will be asserted, that you have the subject specific knowledge on the level of Abitur. With the successfully passed exam the college students apply for the study place at a preferred university.

### REQUIRED DOCUMENTS FOR APPLICATION

The standard requirements are as follows:

- Officially notarized and translated document of qualifications for the entry to higher education with the records overview (high-school graduation certificate).
- Officially notarized and translated document of all acquired university grades with the records overview

All above named documents must be submitted completely and in time. There are 2 deadlines for submitting the standard required documents: for winter semester till 15/07/ and for summer semester till 15/01/. The application deadlines to the Studienkolleg vary from university to university, but they generally start 2 months prior to the university deadlines. Students who need a visa for Germany, need to contact us in advance, so we can issue an appropriate invitation for the embassy and other documents required. The placement and administration fee for one-time application per semester is: 975 € (for Bachelor degree applications).

## QUALIFICATION FOR UNIVERSITY ADMISSION IN GERMANY

There are some opportunities for foreign school-leavers or students to get the admission for a German university.

Here you can read about standard requirements for getting the necessary qualification for university admission. Within our academic services, we can assist you with the placement to max. 3 universities.

High-school living certificate equal to the German one named Abitur is the most important requirement. Some countries have a similar educational system as Germany (12 or 13 years of school education). The citizens of these countries have direct access to studies at German Universities.

However, the students with a different education system can obtain the equivalent of Abitur by the following ways:

- fill a gap by learning at Study Preparatory College (Studienkolleg) for 1 year
- study at a home university for 1 or 2 years
- to have a diploma (from your country) of absolved degree.

Some exceptions are possible. The universities can require also some additional documents/certificates.

The following requirements refer to the knowledge of German Language and are compulsory:

- to study at a Studienkolleg the students need at least B2 Level to pass the admission test. Verbum Novum offers preparation courses for this test. Students who have TELC B2 or other certificates can be exempted from the examination. It is possible to pass TELC exams in our school in Mainz.
- to study at a university you have to be on C1/C2 Level and pass successfully the DSH-exam. This exam can be passed only at a university. The preparation courses for DSH are offered by our schools in Mainz and Munich. The students can be exempted from the DSH exam, if they provide the TELC C1 Hochschule Certificate or other to the university. The TELC C1 Hochschule exam is possible to pass at the Verbum Novum School in Mainz.

## General Terms and Conditions **Verbum Novum**

Based on these General Terms and Conditions, a contract is concluded between a course participant (m/f/d) (hereinafter referred to as the course participant) and **Verbum Novum GmbH** (hereinafter referred to as **Verbum Novum**).

### § 1 General

#### Scope of Application of the General Terms and Conditions

These General Terms and Conditions shall always apply exclusively. Conflicting or deviating terms and conditions are not recognized unless **Verbum Novum** expressly agrees to such provisions in individual cases. The unconditional execution of contracts, even with knowledge of conflicting or deviating terms and conditions, does not constitute consent to them. In this case, these General Terms and Conditions shall also apply exclusively. The respective descriptions in the corresponding price list are binding for the prices and scope of all services. **Verbum Novum** reserves the right to correct any calculation, printing, or translation errors.

All legal relationships and these General Terms and Conditions shall be governed exclusively by German law.

### § 2 Registration/Booking

Booking/registration for the language course or program is done as described below:  
- by submitting a fully completed and signed booking form on-site, by mail, or online - by completing and submitting the booking form via our website. Registration via the website [www.verbumnovum.de](http://www.verbumnovum.de) is binding after clicking the „Register (payment required)“ button. Bookings for underage course participants can only be made by a legal guardian. By registering, the course participant accepts all terms and conditions.

### § 3 Registration/Booking Confirmation

Registration/booking is only confirmed upon acceptance or submission of the signed booking form. The booking becomes binding and payment is due upon written confirmation/invoice. Multiple courses included in one invoice/confirmation belong to one contract/booking and are considered a single unit and cannot be postponed or canceled separately. The booked course dates and period are also binding. A break between already confirmed courses is not possible unless thus booked and confirmed before.

**Verbum Novum** will provide a booking confirmation/invoice containing all booked services promptly, at the latest within three days of the contract being signed. Prices for the respective calendar year apply.

The course fees include: placement test, courses as booked, certificate of participation and consultation services.

### § 4 Payment, Terms of Payment, Obligation to Pay

By signing the registration form or clicking „Register“ on our website, the registered person is obligated to pay. The invoice amount generally includes all services specified in the booking confirmation or invoice. The invoice must be paid within 10 days.

For travelers from countries requiring a visa, **Verbum Novum** requires payment of the full amount (100%) for the preparation and mailing of the invitation and other documents for the visa application at the embassy or consulate. For course participants from EU countries or countries not requiring a visa, a deposit of at least 50% of the total price is required. The remaining payment must be made no later than 2 weeks before the start of the course. The fee for telc examinations must be paid within 3 days of receipt of the invoice.

**Verbum Novum** accepts cash payments and bank transfers. Bank fees, which are often charged by banks for transfers from abroad, are the responsibility of the course participant or payer. Therefore, transfers must include any applicable bank fees. **Verbum Novum's** bank details will be listed on the invoice.

### § 5 Booking Changes Before the Course Start

Booking changes after the invitation to the embassy has been issued and/or the visa has been granted are not permitted. Upon registration, the contract is binding for both parties. Booking or contract changes are only possible under the following conditions: €25 processing fee only applies to booking changes that result in a higher course price (e.g., changing to the B2 course instead of the B1 course) and are made up to 28 days before the course or program start date.

€50 - Changes (e.g., to the course period, course start date) up to 28 days before the originally booked course start date. The same applies if the visa is delayed.

If multiple courses are booked, the booking change applies to the start of the entire program, not to the individual courses. (E.g., if the A1 course starts on September 1, 2025, it changes to October 6, 2025. The subsequent A2 and B1 courses change automatically, starting on October 6, 2025.) Multiple courses belong to one program or contract.

### § 6 Withdrawal/Termination of the Contract

Withdrawal or termination of the booked courses or program after the invitation to the embassy has been issued and the visa has been granted is excluded.

Withdrawal by the course participant before the booked services must always be made in writing. The costs are as follows:

- up to 28 days before the start of the course: 30% of the course fee,
- up to 21 days before the start of the course: 40% of the course fee,
- up to 14 days before the start of the course: 60% of the course fee,
- up to 7 days before the start of the course: 80% of the course fee,
- on the day of the start of the course: 100% of the course fee.

Regardless of the time of withdrawal, **Verbum Novum** reserves the right to partially or fully invoice the costs of accommodation and/or meals in addition to cancellation fees.

**Withdrawal after the course has begun** Cancellation or partial cancellation of booked services is not possible after the course has begun. If a course participant interrupts the booked course or program through no demonstrable fault of **Verbum Novum**, a refund is excluded. Multiple courses belong to one study program and are considered a single unit.

Withdrawal by **Verbum Novum** must always be in writing.

### Withdrawal/change by **Verbum Novum** is possible in the following cases:

**Verbum Novum** reserves the right to cancel courses due to insufficient participants and/or to offer an alternative course or program. If a participant fails to attend or interrupts a language course despite having booked a course, they remain obligated to pay the agreed invoice.

#### • In the event of force majeure.

This occurs when, under federal or state regulations, the course cannot be continued in person and must be offered as distance learning. In this case, the course participant is obligated to attend the booked course. A refund of the fee is not possible.

• **For good cause.** This exists if, taking into account all the circumstances of the individual case and balancing the interests of both parties, the continuation of the contractual relationship until the agreed termination date cannot reasonably be expected.

#### • In case of misconduct

**Verbum Novum** expects the course participant to respect morals, customs, and laws. Impeccable behavior towards fellow students, all **Verbum Novum** employees, host families, and roommates is required. Should the course participant violate these rules, **Verbum Novum** will initially issue a warning. The same applies if the course participant unreasonably disrupts the coexistence of the group. In the case of serious violations (e.g., criminal offenses such as intentional bodily harm, theft, drug use, willful damage to property, etc.), a warning is unnecessary. If the course participant disrupts the course despite the warning, or if the warning is unnecessary, **Verbum Novum** has the right to terminate the contract without notice. In this case, the course and/or program fees will be retained. The costs for early departure are borne by the course participant or their legal guardian. No refunds will be issued by **Verbum Novum**.

### § 7 Visas and Visa Matters

Course participants from countries requiring a visa require an invitation from **Verbum Novum** to enter Germany. This invitation will be made available to the course participants after full payment has been received.

After receiving the invitation, the course participant is obligated to promptly schedule an appointment with the relevant consulate or embassy and to send an appointment confirmation to **Verbum Novum** by email. The course participant must arrange all other documents required for the visa application independently and in a timely manner. Visa processing usually takes at least 8 weeks, but in rare cases, up to 6 months or longer. Participants must take this into account when planning their course start date to avoid booking change fees (see Section 5 Booking Changes).

#### Visa Approval

After visa approval or visa issuance, participants are required to email a copy of their visa to **Verbum Novum** and enter the next available course, no later than six weeks after receiving the visa for the booked course/level.

#### Visa Rejection

If the visa is rejected by the embassy, **Verbum Novum** requires the official rejection notice from the embassy/consulate to be submitted no later than two weeks before the course start date. In this case, **Verbum Novum** will refund the amount paid, excluding the processing fee of EUR 150. Bank fees incurred through transfers are not covered by **Verbum Novum**. If the rejection notice is submitted later, standard cancellation fees apply. **Verbum Novum** recommends taking out travel cancellation insurance.

#### Visa Delay

If the visa has not yet been issued by the start date of the booked course, or if no information has been received from the embassy, the participant will be rebooked for the next course for a fee of EUR 50. We recommend allowing at least six months for the visa processing to avoid rebooking fees.

### § 8 Health and Medical Insurance

**Verbum Novum** only accepts healthy participants in all programs who are not subject to any dietary restrictions or medical treatment. Participants are required to report any contagious diseases immediately upon occurrence. Each participant must have health, liability, and accident insurance valid for Germany at the start of the course. **Verbum Novum** offers such insurance. This can be booked upon request.

### § 9 Duty of Supervision and Care

Registration of underage participants requires a parental declaration signed by their legal guardians. **Verbum Novum**, as well as employees, host families, supervisors, and other vicarious agents, assume no comprehensive duty of supervision and care for adult and underage participants. **Verbum Novum** also assumes no duty of supervision

and care for underage participants in summer and winter camps with accommodation in a residence or host family. **Verbum Novum's** duty is limited to the immediate notification of the legal guardians.

#### § 10 Liability

**Verbum Novum** is only liable for injuries to life, limb, or health of course participants if these are due to **Verbum Novum's** negligence. **Verbum Novum** assumes no liability for the loss of personal belongings.

#### § 11 Security Deposit

In the event of damage, course participants bear all costs for replacing items damaged negligently or willfully. Course participants staying in apartments, host families, or residences must pay a security deposit of €50, which will only be retained in the event of damage. If the damage exceeds the deposit amount, additional costs will be charged. If no damage occurs, the deposit will be refunded on the day of departure.

#### § 12 Data Protection

The course participant consents to **Verbum Novum** electronically collecting and processing their personal data for the proper execution of the registration, billing, and performance verification processes, solely for the purpose of fulfilling the concluded contract. The course participant consents to **Verbum Novum** using, or allowing the use of, photographs, video, and/or audio recordings during the course or program for promotional or similar purposes. If this is not desired, we ask that these course participants refrain from making any kind of recordings. This also applies to underage participants.

#### Lessons

General German lessons usually take place in the morning. However, if the school is busy, lessons may also be held in the afternoon. Exam preparation courses usually take place in the afternoon. Individual lessons are subject to the availability of the teacher and the course participant. Each lesson lasts 45 minutes.

#### § 13 Lesson Hours/Course Intensity

One lesson lasts 45 minutes. The intensive course consists of 20 lessons of 45 minutes each per week. The duration of each level is fixed and must be adhered to. The minimum number of participants per course is also fixed. **Verbum Novum** offers the language course for different proficiency levels. For group lessons, placement into the appropriate level can only be meaningfully done on-site on the first day of class. Therefore, it cannot be completely ruled out that, in rare exceptional cases, the placement test may result in an insufficient number of participants for a certain proficiency level for group lessons (at least 5 course participants) on the first day of school. In this case, **Verbum Novum** can offer the course as (semi-)individual instruction or mini-group courses with a reduced number of lessons, but at least 60% of the duration of a booked group course. The same applies to exam preparation courses.

#### § 14 Absence/Absence from Classes

Classes cancelled on public holidays (national or statewide) will not be made up. Classes missed by the course participant, even for reasons beyond their control (e.g., illness, travel), cannot be made up (except for individual lessons); the course fee must still be paid in full. Absence from classes, regardless of the reasons listed here, does not affect the payment obligation. Individual lessons must be canceled or postponed at least 24 hours before the scheduled lesson. Otherwise, the lesson is considered to have taken place and cannot be made up.

#### § 15 School Holidays

The year-round school in Mainz will be closed for two weeks during Christmas. The holiday dates will be published on the website. No group lessons will be held during these periods. Individual lessons are available upon request. Consultations and registrations are still available online and/or by email.

#### telc Examinations

#### § 16 Examination Registration/Payment/Absence from the Examination

**Verbum Novum** is an official telc examination center and a telc C1 Hochschule Competence Center. Registration for the examination must be completed no later than 30 days before the examination date. After registration, the candidate is obligated to pay within three days of receiving the invoice. Failure to pay the examination fee does not automatically deregister or exempt them from payment. Cancellation must be made in writing. Withdrawal is possible no later than 30 days before the examination date. After that, the full fee will be charged. In the event of failure to appear on the day of the examination without a valid reason, the fee will not be refunded. A valid reason is acute illness, accompanied by a medical certificate and a doctor's certificate of incapacity for work. These originals must be submitted to **Verbum Novum** no later than two days after the examination. In such cases, 50% of the examination fee will be refunded.

The telc examination regulations are published on our website.

#### § 17 Exclusion of Liability / Limitation of Liability

1. To the extent that liability is excluded or limited in these General Terms and Conditions, this also applies to the personal liability of vicarious agents and representatives. **Verbum Novum** is only liable for intentional or grossly negligent acts, unless the damage is based on injury to life, limb, or health, or **Verbum Novum** has assumed liability in the sense of a guarantee. Furthermore, **Verbum Novum** limits contractual claims for damages that do not involve physical injury to three times the booking price,  
- if the damage to the course participant was caused neither intentionally nor through gross negligence  
or  
- if **Verbum Novum** is solely responsible for damage incurred by the course participant due to the fault of a service provider. **Verbum Novum** assumes no liability for the loss of personal belongings on school premises.  
The course participant is responsible for any damage caused to the facility or school premises.

#### § 18 Right of Withdrawal and Cancellation Policy

According to Section 312g Paragraph 2 No. 9 of the German Civil Code (BGB), there is no right of withdrawal for the services offered by **Verbum Novum**. The cancellation and termination rights described above apply to all consumers. You can withdraw from your contract within 14 days in writing (mail, email).

The withdrawal must be sent in writing to: **Verbum Novum GmbH**, Bahnhofstraße 13, 55116 Mainz.

Special Notes: Your right of withdrawal expires prematurely if the contract has been fully fulfilled by both parties at your express request before you have exercised your right of withdrawal, or you have received an official invitation to the course or program for the application or extension of a visa/residence, child benefit, registration with the Citizens' Registration Office, or for another official purpose. The right of withdrawal also does not apply if a contract or registration is concluded for a fixed date, such as a telc examination.
